

LEE COUNTY

MOSQUITO/HYACINTH CONTROL DISTRICTS

October, 2013

Important Calendar Dates:

October 3rd: United Way Mtg., 7:15 am

October 10th: Board Meeting, 9:00 am

October 24th: Leadership Cape Coral, 9 am

October 29th: Supervisors' Meeting, 2:30 pm

Evangelical Christian School requested LCMCD have a presence at their annual Community Day, Sept. 13th. Don Claytor displayed a Trap Truck and Rick Pardo displayed and explained a Ditch Truck unit. Shelly Redovan sent printed information about mosquitoes that was distributed to approximately 175 students.

The Mosquito Research Foundation announces and welcomes two (2) new Board Members.

Mr. T. Wayne Gale currently serves as Executive Director of Lee County Mosquito and Hyacinth Control Districts located in the Fort Myers/Lehigh Acres area. Both of these districts service Lee County.

Mr. James Clausen currently serves as Director of the Beach Mosquito District. It is an independent special district located on the Gulf of Mexico in Panama City Beach.

September 7th; Lee County Mosquito/Hyacinth Control Districts were honored to participate in the 90th Birthday Party & Dedication of the Paul Sanborn Park in Cape Coral. Paul Sanborn was one of our Commissioners who served our districts for a little over 20 years. Paul is also the official Historian for Cape Coral as he served at GAC, the Rosen Brothers, who built Cape Coral. Pictured with him is T. Wayne Miller, our former Executive Director.

Paul Sanborn thanked our Executive Director, T. Wayne Gale, for our participation in this historic event. Our pilots, Lee Reed and Mike Vigus flew in a helicopter and answered questions for the huge turnout of guests at this dedication, which was sponsored by Cape Coral Rotary and Cape Coral Kiwanis.

September 26th; members of our Lee County Hyacinth Control District participated in the *Urban Pond Management & Aquatic Areas Seminar* at the Lee County Extension Service at Terry Park.

Upper left, Ernesto Lasso de la Vega, Upper right Kevin Watts, bottom left Keith Andreu, Lower right Ken Sonne and not pictured, Jeremy Ford, who assisted in gathering the shown plant specimens. This seminar was very well attended by the public.

This has been a very—very—very rainy season. Thanks William and Darrel for your landscaping work.
