Mosquito Biting Season—Aerial Inspector, Paul Morgan and Ed Foley, our summer intern, are checking for mosquito larvae. Paul's territory is from Gladiolus Drive south to the Lee/Collier County Line. See picture above of how 1,000 mosquito larvae look while maturing into adults.

We said "Farewell and Happy Retirement" to Bob Richardson who worked as an Aircraft Mechanic. He worked on the DC-3's in the "Goon" Hangar and convinced Al Bennett to come work with us. He will be living in Ocala.

We all wish you well, Bob!

Advisories/Alerts from the Florida Department of Health: Holmes, Walton and Washington Counties issued mosquito-borne illness advisories this week in response to EEEV activity. St. Johns County is under a mosquito-borne advisory. No other counties are currently under mosquito-borne illness advisory or alert.

52nd Aquatic Plant Management Society Meeting

The Aquatic Plant Management Society's annual conference was held July 22-25, 2012 in Salt Lake City, Utah. Dr. Jill Schroeder, New Mexico State University was our Keynote Speaker. She talked about the importance of bridging science to policy. Research with recently registered products was highlighted, as well as potential invasive plant species threats. The society President, Dr. Tyler Koschnick, is pictured with Don Doggett.

Dr. Koschnick presented Don with the President's Award for his many years of service and for all the different leadership roles he has served for the APMS.

HELLO SECURITY CENTER

Thank you Rita and Don for your great pictures.
